+ science + technology + innovation

MORECOLAB

Who We Are

Mountains of Research Collaborative Laboratory – MORE CoLAB – is a Private non-profit association recognized since 2018 as a Collaborative Laboratory by the Foundation for Science and Technology Portugal (FCT). It results from the consortium of research units, laboratories, universities, technological hubs, companies, and intermediary and interface centers.

MORE CoLAB was created with the goal of increasing the competitiveness of companies and organizations that present innovation as their backbone and common denominator.

Associates

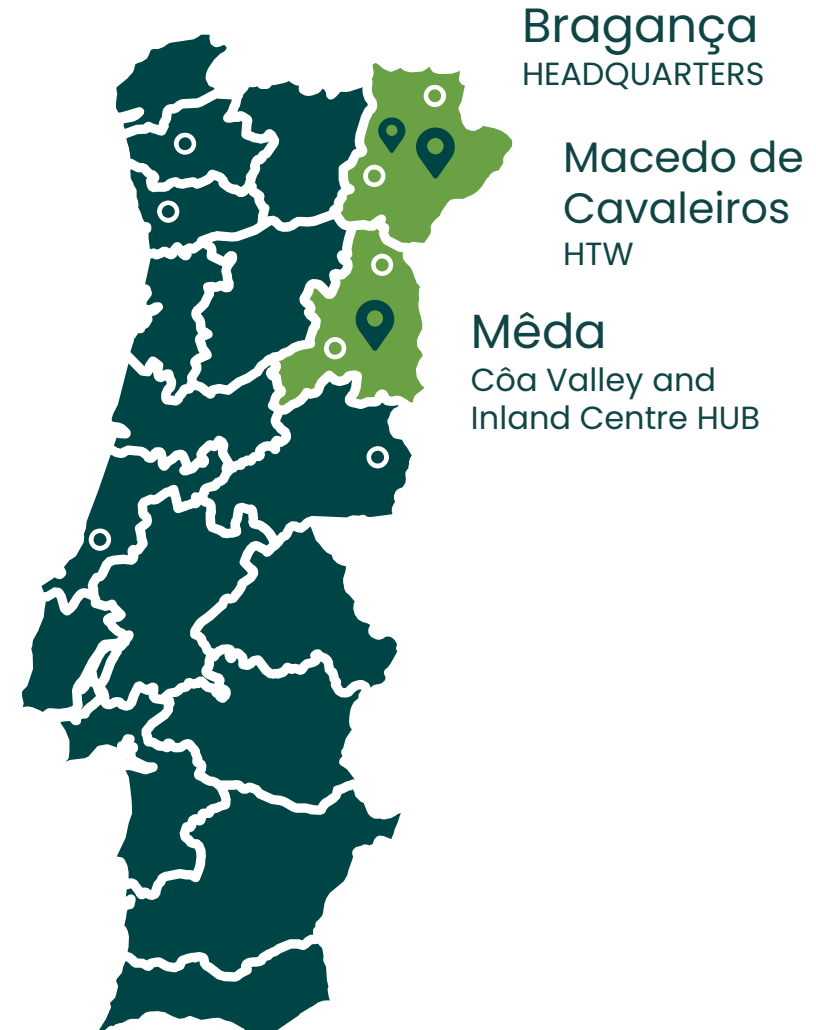

MORE CoLAB is made up of 15 associates:

8 R&I entities: Polytechnic Institute of Bragança, Polytechnic Institute of Guarda and University of Porto; BLC3, BRIGANTIA ECOPARK, Côa Park Foundation, ISQ, REQUIMTE;

2 association: APPITAD, CNCFS;

4 companies: DEIFIL, TECPAN, Sementes Vivas, Old Care;

1 public sector: Resíduos do Nordeste.

Our commitment

MORE CoLAB's global strategy is based on an operational response that encompasses a Vision and a Mission.

Thus, its **Mission** is to be the link between scientific knowledge and the business community, with the main objective of territorial development through innovation and the creation of economic, social, environmental, and cultural value in mountain regions, supported by the uniqueness, quality, and sustainability of its endogenous resources.

To fulfill its **Vision**, **MORE CoLAB** aims to be a reference in innovation and in the transfer of green and digital technology, capable of guaranteeing sustainable development in mountain regions.

Economy Innovation

Industrial or technological innovation, of products and production processes as well as business processes.

Social Innovation

Responding to social and environmental challenges.

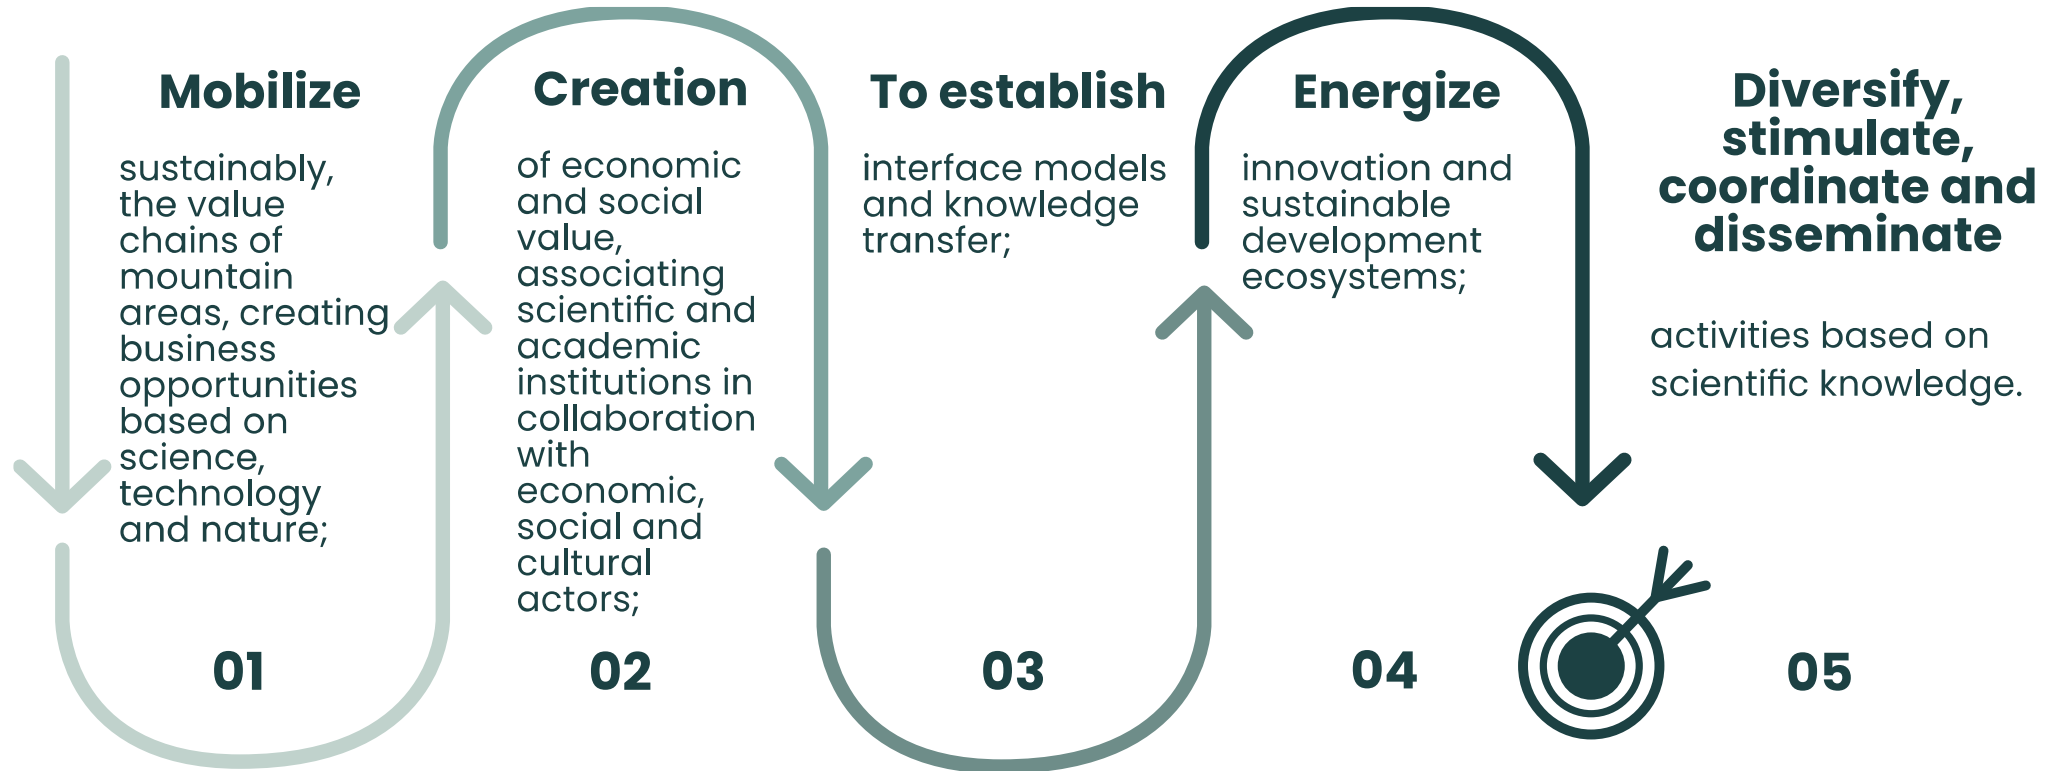

+ Value

Economic | Social | Cultural | Environmental

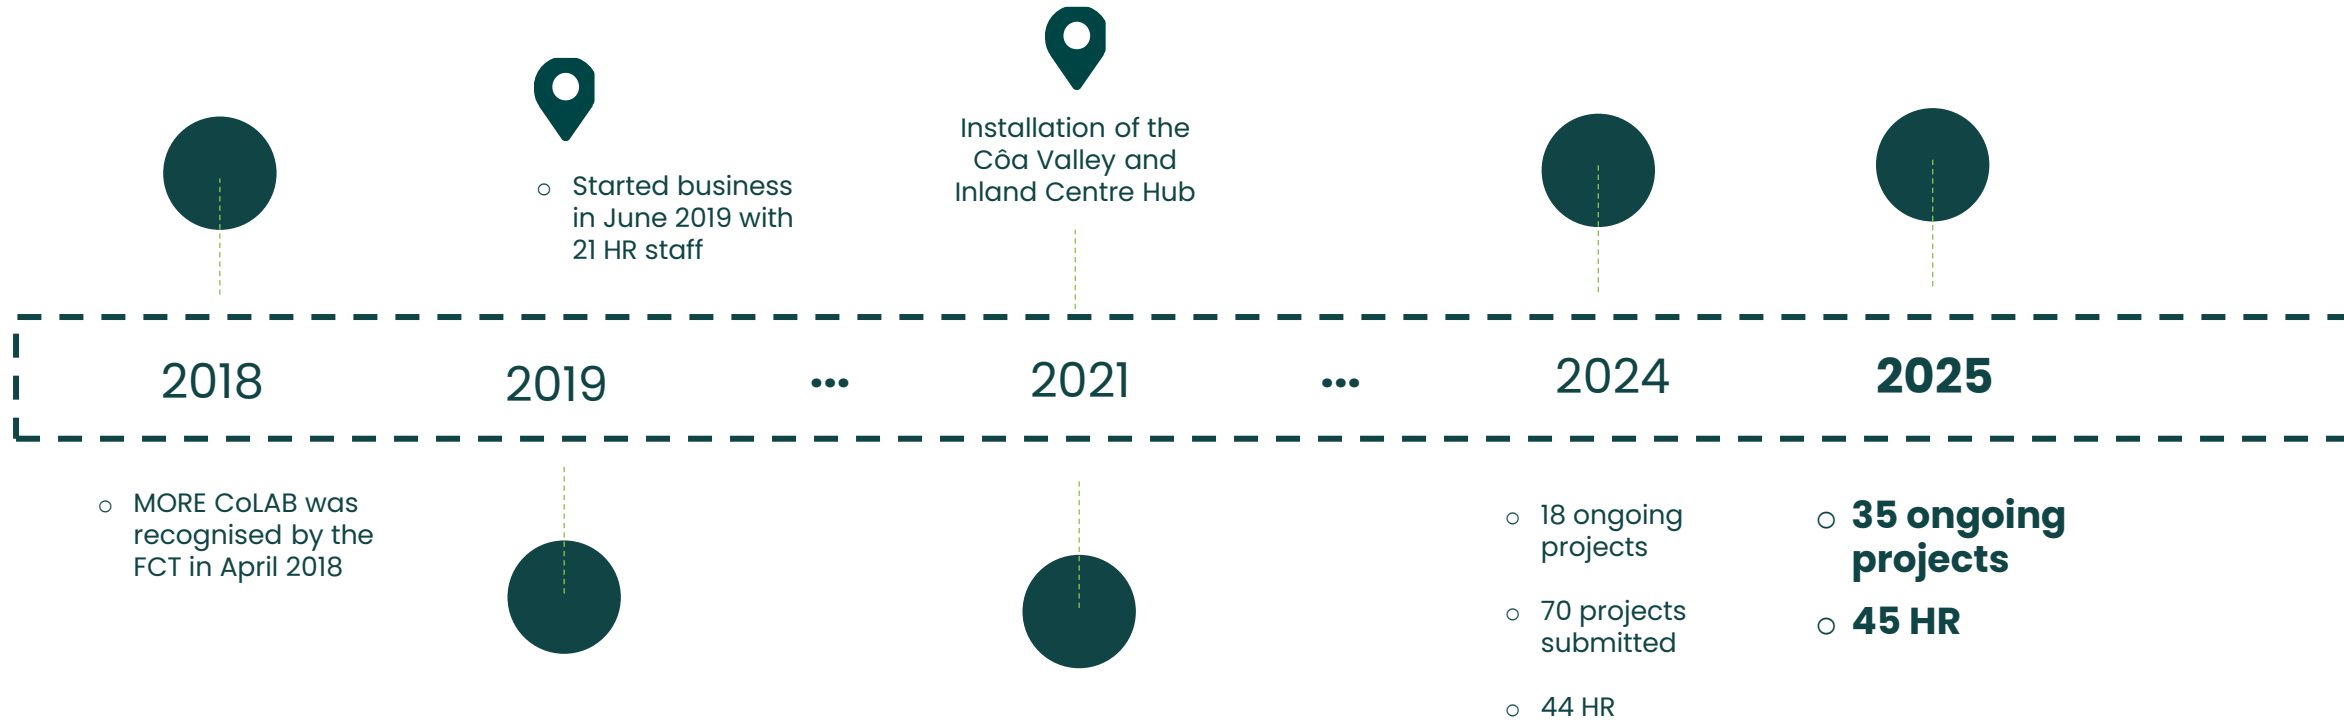

→ = Territorial development

SUSTAINABLE SOLUTIONS FOR AGRICULTURAL MANAGEMENT
CULTURE AND HERITAGE VALORIZATION

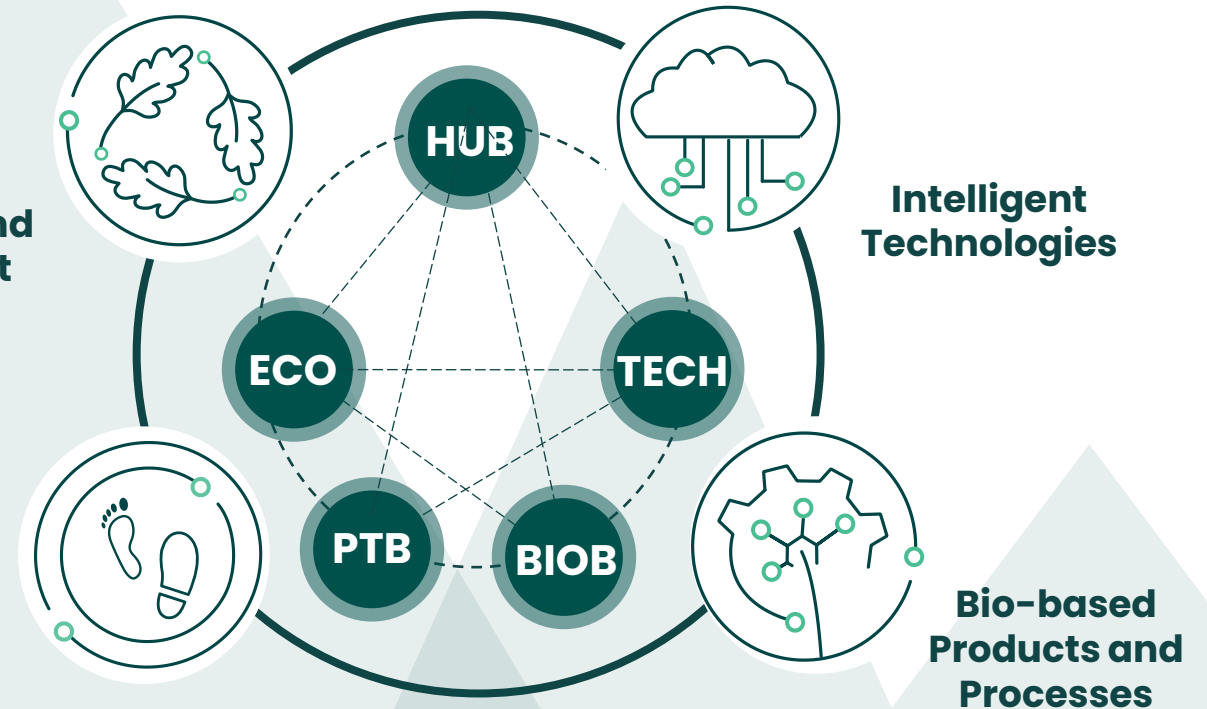

Intervention areas

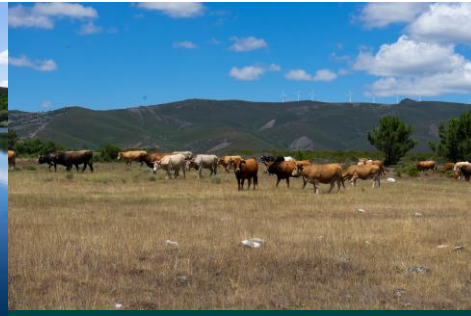

Operationalization

At **MORE CoLAB** we promote the development of Mediterranean mountain regions through innovation sustained in scientific knowledge and in the uniqueness, quality, and sustainability of its endogenous resources. Because we believe that innovation moves mountains, **MORE CoLAB**'s activity currently covers four scientific technical groups:

**Mountain Environment and
Ecosystem Management**

**Heritage, Tourism
and Wellness**
